This programme is designed for students who seek to advance their knowledge of the English language system and develop higher language awareness and communication skills. Apart from face-to-face learning in the classroom, students participate in self-directed and experiential learning outside the classroom, ie E-learning and English Immersion Activities.

The programme is a 60-credit course comprising:

- **Face-to-face lecture hours** : **135 hours**
(45 x 3-hour sessions)
- **E-Learning Activities** : **72 hours**
- **English Immersion Activities** : **18 hours**

Students are required to spend additional time and efforts in completing the assigned E-learning and English Immersion activities.

Completion of the programme leads to the Advanced Diploma in General English award.

What students do in EIAs? Students:

- 1 Attend **three** events* that are held in English.
- 2 Give a **five**-minute talk on **one** of the three events they have attended.
- 3 Write **one** short report (250-300 words) on the same event.

**Types of events can include talks, seminars, drama, comedy, lectures and others but not films (as it would be impossible to ensure that students watched films in English which defeated the purpose of EIA participation.)*
