

Executive Certificates in Applications of Blockchain in Financial Technology

行政人員證書《區塊鏈在金融科技的應用》

This programme aims to provide students with updated knowledge of Blockchain and its practical applications in the finance and investment fields. It gives an overview of the Blockchain market and introduces students to the basic concept and jargons of Blockchain. The programme also provides the latest market landscape, insight and discussion on the application of Blockchain from the regulatory and legal perspectives.

On completion of the programme, students should be able to:

1. describe the characteristics of Blockchain and explain how it adds value to Financial Technology;
2. identify the core components of Blockchain and distinguish its application from Cryptocurrency;
3. explain the challenges, opportunities and practical applications of Blockchain in the global financial world;
4. discuss and analyse the legal impact of Blockchain on the financial market.

Programme Structure

Executive Certificate will be conferred to candidates who have achieved at least 70% attendance as well as attain pass grades of the programme.
