Programme Aims & Features

This course aims to develop teacher librarians in the skills and knowledge to manage a school library, build up resources for curriculum development, assist in teaching and learning, and cultivate in students the attributes of independent inquiry skills. It also develops teacher librarians with personal and professional competencies in resources planning, management and discovery, collaboration among different users, leadership, as well as the use of information technology and research methods.

This programme consists of two streams: one is for primary school teacher librarians and the other for secondary school teacher librarians. It is designed for serving and newly appointed teacher librarians.

Entry Requirements

- Applicants should have a teacher certificate and a minimum of 2 years' teaching experience, or their equivalent. Preference will be given to newly appointed teacher librarians.
- Applications from serving librarians or subject teachers are also welcome. A supporting document certifying that the applicant is a teacher librarian, librarian or subject teacher will be an advantage. Proficiency in English and Chinese is requested.
