## ABOUT THE UNIVERSITY

Established in 1927, the University of Hull is England's 14th oldest university and encompasses world-class teaching, research, impressive facilities, and a strong support network for nearly 16,000 students, including over 2,500 international students from more than 100 countries across the world..

Our students enjoy the sense of community on our attractive campus – benefitting from a recent £300-million investment, with our red-brick, ivy-covered buildings now joined by

brand new sports facilities, research labs, a performance venue, a transformed seven-storey library, a health campus, and modern on-site student accommodation.

We have a proud heritage of academic excellence, and a history of creating and inspiring life-changing research – from reducing health inequalities to tackling global challenges such as climate change and modern slavery – with the most recent Research Excellence Framework naming us among the UK's top 50 universities for research power.

## ABOUT THE BUSINESS SCHOOL

Hull University Business School offers a wealth of opportunities to pursue undergraduate and postgraduate study and research, all designed to enhance your professional or academic development. Our degrees all build a strong understanding of the complexities of the global business environment to help you develop into a responsible, resourceful business leader.

Recognition from two of the leading global accreditation systems for business schools (AACSB and AMBA) has confirmed our status as a leading business school. AACSB accreditation is an internationally

recognised accreditation specialised for business schools, and is held by less than 5% of the world's 13,000 business programmes. This places us in a select group of UK business schools, assures students of our commitment to providing an outstanding experience and further enhances the value of their degree in the global employment market. In the most recent Research Excellence Framework (REF), a nationwide assessment of research at universities, Hull University Business School was placed 37th among 101 UK business schools for research power (research quality x number of staff submitted).

## ABOUT THE PROGRAMME

BSc (Hons) Accounting programme aims to provide students with a thorough knowledge and understanding of both the philosophy and functions of accounting. Students will acquire practical skills relating directly to the subject and a range of transferable skills that will become valuable assets in accounting or business organisations.

The entire programme comprises 18 modules or 360 credits. Students are required to take 120 credits' worth of

modules each year and may normally complete the entire programme in three years of full time study in the UK, but in Hong Kong, only the Second Year and Final Year modules are offered.

Students with the required qualifications, such as the Advanced Diploma, Higher Diploma and Associate Degree major in Accounting approved by Hull University Business School, are qualified for direct admission to the Second Year of the programme, and are required to complete nine modules for graduation (180 credits).

## PROGRAMME STRUCTURE

### Modules

Business and Company Law (Hong Kong)

Information Systems in Accounting and Finance

Financial Reporting

Research Project

Current Issues in Financial Management

Advanced Financial Reporting and Theory

Auditing

Advanced Management Accounting

Taxation (Hong Kong)

An additional 90-hour (30 hours x 3 modules) Academic English for the Professions (Accounting) course is compulsory module in the programme of study at subsidized rate of HK\$1,500 for each module (30 hours). This is non-credit bearing course and grades will not be counted towards the final award.

Selected module(s) of the programmes has been included in the list of reimbursable courses for Continuing Education Fund (CEF) purposes.

## MODE OF DELIVERY

There will be three semesters in an academic year. Each module comprises 42 contact hours consisting of a combination of lectures and tutorials. The University of Hull teaching staff will conduct one 18-hour intensive teaching block supplemented by 18 hours of tutorials plus 6 hours drop-in sessions to be conducted by HKU SPACE lecturers.

Taxation (Hong Kong) and Business & Company Law (Hong Kong) will be taught by local lectures.

Except for the Research Project, Auditing and Taxation (Hong Kong) module, assessment for each module will normally be based on coursework, written assignments and a final examination.

In addition, all students are required to undertake the Research Project on a topic of their choice in the final year. There will be no written examination for this module. Students will be assessed 100% by coursework comprising oral presentation and written report.
