Programme Code: IT075A

Application Code: 1845-IT075A

3762 0081 | mandy.tym.chan@hkuspace.hku.hk

This programme demonstrates how professional helpers – doctors, nurses, psychiatrists and social workers can develop a genuine compassion for, and harmonious understanding of those whom they aim to help. This can be achieved through a Zen perspective. Concentration on the here and now, as practised in meditation, allows for an unorthodox but practical and effective way of helping, free from egotism and the harmful intrusion of self.
