Executive Certificate in Foundational Nutrigenomics and Personalised Nutrition

Programme Code: EP121A

Application Code: EP121A

☎ 2975 5881

✉ winnie.pyw.chan@hkuspace.hku.hk

Individuals with different genetic make-up respond differently towards the same food. Nutrigenomics is the science to understand how nutrients interact with human genes, with the ultimate goal of providing personalised nutrition advice according to one's own genes.

This course aims to equip students with the knowledge of genetics and the cutting-edge technologies applied in nutrigenomics that are useful for interpretation of the test results in relation to personalised nutrition.

- R** Applicants shall hold:
1. A bachelor's degree in Biology, Nutrition and related areas* awarded by a recognised university; or
 2. An Associate Degree/ a Higher Diploma in Biology, Nutrition and related areas* or equivalent, and have at least 2 years of work experience.

All applicants are required to provide evidence of English proficiency, such as

1. HKCEE English Language (Syllabus B) at Grade E or English Language (Syllabus A) at Grade C or English Language (in or after 2007) at Level 2; or
2. HKDSE Examination English Language at Level 2; or
3. Equivalent qualifications

Remarks: * Degree / Associate Degree/ Higher Diploma in other disciplines will be considered on an individual basis.
