

Postgraduate Diploma in Finance and Data Analytics

Programme Code: FN050A

Application Code: 1975-FN050A

☎ 2867 8476

✉ finpgd@hkuspace.hku.hk

The programme covers a wide range of knowledge in Statistical Analysis, Corporate Financial Management, Risk Analysis and Asset Allocation, as well as Investment and Portfolio Management, Financial Modelling and Analytics Software. Students will learn how to apply the knowledge and techniques used by market professionals and refresh their investment knowledge using big data.

R Applicants shall hold a bachelor's degree in quantitative areas (e.g., mathematics, engineering, statistics, computer science, economics, finance) awarded by a recognised institution.

If the degree or equivalent qualification is from an institution where the language of teaching and assessment is not English, applicants shall provide evidence of English proficiency, such as:

- (i) an overall band of 6.0 or above with no subtests lower than 5.5 in the IELTS; or
- (ii) a score of 550 or above in the paper-based TOEFL, or a score of 213 or above in the computer-based TOEFL, or a score of 80 or above in the internet-based TOEFL; or
- (iii) HKALE Use of English at Grade E or above; or
- (iv) HKDSE Examination English Language at Level 3 or above; or
- (v) equivalent qualifications.

Applicants with other qualifications and substantial senior level work experience will be considered on individual merit.

Remark: Applicants with relevant academic and/or professional qualifications may approach the Programme Team for application of exemption.

\$ HK\$9,000
Application Fee: HK\$150

D 1 year to 2 years English

Q Level 6 (Reg. No.: 20/000411/L6) Validity Period: 01 Jul 2020 - on-going

Executive Diploma in Financial Analytics

Programme Code: EP148A

Application Code: 1975-EP148A

☎ 2867 8331

✉ finedec@hkuspace.hku.hk

This programme aims to provide students with the knowledge to investigate financial data which influences finance and investment decisions. Computer coding using Python will be discussed to handle data, build models and perform financial analysis quantitatively. The programme covers the applications of AI, Machine Learning and computerized algorithms to analyze trends and predict financial data.

R Applicants shall hold:
a) a bachelor's degree awarded by a recognized University or equivalent; or
b) an Associate Degree / a Higher Diploma or equivalent, and have at least 2 years of working experience.

Applicants with qualifications in quantitative areas (e.g. mathematics, engineering, statistics, computer science, economics, finance) are preferred.

Applicants with other qualification and substantial senior level work experience will be considered on individual merit.

\$ HK\$8,600 per module;
HK\$17,200 per programme
Application Fee: HK\$150 (Student only needs to pay one time application fee for all EC in Big Data Series)

D 2 months to 4 months English

Executive Certificate in AI and Deep Learning in Quantitative Finance

Programme Code: EP159A

Application Code: 1970-EP159A

☎ 2867 8331

✉ finedec@hkuspace.hku.hk

This programme aims to provide students with knowledge about Artificial Intelligence and Deep Learning in Quantitative Finance as well as their latest developments and applications to finance and investment. It covers various learning algorithms and neural networks as well as machine intelligence to facilitate finance and investment decision making.

R Applicants shall hold:
a) a bachelor's degree awarded by a recognized University or equivalent; or
b) an Associate Degree / a Higher Diploma or equivalent, and have at least 2 years of working experience.

Applicants with qualifications in quantitative areas (e.g., mathematics, engineering, statistics, computer science, economics, finance) are preferred. Those with other qualifications and substantial senior level work experience will be considered on individual merit.

\$ HK\$9,500 per programme

Certificate for Module (Business Intelligence and Data Automation)

Programme Code: FN067A

Application Code: 1965-FN067A

2867 8331

finedec@hkuspace.hku.hk

The programme aims to provide students with the essential knowledge of business intelligence and data automation. It illustrates various techniques of data preparation, data transformation and data automation using computational tools. The programme also discusses real-life cases related to the usage of business intelligence, practical applications and implications of data automation in business.

- R** Applicants should hold an Advanced Diploma, a Higher Diploma or an Associate Degree awarded by a recognized institution. Those with a business, finance, economics, mathematics, science, engineering, IT or computer science background would have an advantage.
- Applicants with other equivalent qualifications will be considered on individual merit.
- \$** HK\$9,000 per programme
Application Fee: HK\$150
- D** 1 month to 2 months English
- Q** Level 5 (Reg. No.: 21/000552/L5) Validity Period: 23 Aug 2021 - on-going

Certificate for Module (Distributed Ledger and Blockchain with Business Applications)

Programme Code: FN064A

Application Code: 1970-FN064A

2867 8331

finedec@hkuspace.hku.hk

The programme aims to provide students with the contemporary knowledge of distributed ledger and blockchain under the continuous technological advancement. It illustrates the development of smart contracts using computational tools and discusses a practical implementation of blockchain in business. The programme also covers the future development of distributed ledger and blockchain and their implications in business.

- R** Applicants should hold an Advanced Diploma, a Higher Diploma or an Associate Degree awarded by a recognized institution. Those with a business, finance, economics, mathematics, science, engineering, IT or computer science background would have an advantage.
- Applicants with other equivalent qualifications will be considered on individual merit.
- \$** HK\$9,600 per programme
Application Fee: HK\$150
- D** 1 month to 2 months English
- Q** Level 5 (Reg. No.: 21/000504/L5) Validity Period: 01 Aug 2021 - on-going
