Certificate for Module (Parametric Modeling with Grasshopper in Rhinoceros)
Programme Code: AS012A

📞 3762 0072

✉️ paula.lee@hkuspace.hku.hk

Nowadays, parametric modelling, as a means to design and explore complex architectural spaces, has become an essential tool in contemporary architecture practice. Nevertheless, due to its relative young age, there are still many practising design professionals whom have not had the opportunity to receive formal training on this technique.

Advanced Diploma in Tree Management and Conservation
Programme Code: AS005A

📞 3762 0072

✉️ paula.lee@hkuspace.hku.hk

In view of the quality tree management policy of the HKSAR Government and the increasing social awareness of tree conservation in parallel, this programme is to respond to the urgent demand for professional training for personnel engaging in tree management and conservation work. Employees in the fields or organizations such as landscape architecture, surveying, property management, contractor works, government administrative departments and public organizations relating tree management and conservation would be directly benefited by taking this programme. The programme aims to provide a knowledge-and-practical based learning for people who wish to study tree management and conservation issues, an in-depth study on specific areas relating to the use of natural tree resources and woodland ecology focusing on comprehensive tree management strategies, and a higher level professional training opportunity in arboriculture for career development of people working in related fields' management and/or supervisory positions.
