

Articulation Scheme for the part-time programmes offered in Medical Sciences

◆ Students with limited background in biological related disciplines may be required to take bridging course(s), which will be advised by the Programme Team. (e.g. Certificate in Microbiology Testing)

† 5 HKCEE passes or 5 HKDSE passes or equivalent AND proficiency in English (e.g. HKCEE Grade E or Level 2 in English Language or HKDSE English Language at Level 2 or equivalent)

* The applicant with ordinary degree in biological science or related science should have at least 2 years of post-qualification relevant working experience

The applicant is expected to be employed in a medical-related laboratory and should normally be sponsored by the employer. Graduates are eligible to apply for registration as medical laboratory technologist (Part II) with the Medical Laboratory Technologists Board, HK

▲ Graduates with good academic standing and preferably with 2 years practical laboratory experience can apply for admission to the Higher Certificate in Medical Laboratory Science

MSc in Biomedical Science

Programme Code: HS025A

Edinburgh Napier University, UK

Application Code: 2045-HS025A

^{NCR¹}

☎ 2975 5697

✉ winnie.sww.choi@hkuspace.hku.hk

This programme is for those wishing to progress to more senior positions in medical laboratories. Students are required to complete a research project and six modules, which will be taught in a blended mode with online tutorials, lectures, hands-on practicals and face-to-face tutorials.

💰 1st Instalment: HK\$76,000 (Year 1) Payable upon registration
2nd Instalment: HK\$40,000 (Year 2) Payable upon start of 2nd year
3rd Instalment: HK\$32,000 (Year 2) Payable upon start of Research Project (subject to review)
Application Fee: HK\$200

Edinburgh Napier University, UK

Application Code: 2045-HS026A

^{NCR¹}

☎ 2975 5683

✉ kwk.man@hkuspace.hku.hk

This programme is for those with a background education in the biological sciences or medical laboratory science disciplines wishing to progress to degree or honours degree level. The programme provides students with a firm foundation in the biological sciences together with specialist knowledge in the area of biological testing including microbiology, biochemical and toxicological analyses. It will be taught through face-to-face lectures/tutorials, online tutorials and hands-on practicals.

💰 HK\$86,000 (Year 1) 2 instalments
HK\$89,000 (Year 2) 2 instalments
Application Fee: HK\$150

Advanced Diploma in Dental Therapy

Programme Code: GS007A

Application Code: 2055-GS007A

2975 5697

winnie.sww.choi@hkuspace.hku.hk

This one-year Advanced Diploma programme aims to prepare Dental Hygienist to pursue a career as Dental Therapist. The programme comprises lectures, tutorials, practicums, discussions, demonstrations and clinical practice. Graduates could be part of the dental team in the Department of Health to deliver oral health services within the framework of the School Dental Care Service.

Term Fee: HK\$70,000
Application Fee: HK\$150

Higher Certificate in Medical Laboratory Science

Programme Code: HS027A

Application Code: 2045-HS027A

2520 4618

rosie.so@hkuspace.hku.hk

Higher Certificate in Medical Laboratory Science is a two-year part-time programme designed for technical staff working in medical related laboratories to pursue a professional education in medical laboratory science.

- Applicants shall have attained:
- a UK Ordinary National Certificate or Ordinary Technical Education Council Certificate, or an Ordinary Certificate in Medical Laboratory Science awarded within the HKU system through HKU SPACE, or a Diploma in Medical Laboratory Science from the HK Polytechnic University; _OR_
 - HKALE Grade E in 2 AL science subjects, one of which must be Chemistry, and 5 passes in HKCEE, including 2 science subjects and Level 2* in English Language; _OR_
 - HKDSE Examination Level 2 or above in 5 subjects including English Language, Chinese Language and preferably Chemistry; and a Diploma in a Biological Science or Biomedical Science related discipline; _OR_
 - a qualification deemed to be equivalent to the above.

The applicant is also expected to be employed in a medical-related laboratory and should normally be sponsored by his employer, and preferably with 2 years' practical laboratory experience.

Applicants with other equivalent qualifications will be considered on individual merits.

Certificate in Medical Laboratory Science (Senior Secondary Applied Learning)

Programme Code: GS009A

2975 5698

phs.li@hkuspace.hku.hk

This programme aims to promote secondary students' interest in medical laboratory science through the application of scientific principles in disease diagnosis and health monitoring. Different modes of activities are employed to provide students with a systematic understanding about the context, enabling them to understand the fundamental theories and concepts, develop their generic skills, and address their career aspirations in medical laboratory science.

Level 3 (Reg. No.: 16/000094/L3) Validity Period: 26 Jan 2016 - 31 Dec 2025

Certificate in Microbiology Testing

Programme Code: HS028A

Application Code: 2060-HS028A

2975 5697

winnie.sww.choi@hkuspace.hku.hk

This is a 3-module course series that provides progressive training for those working in the bioscience industries to attain a level of proficiency in microbiology for testing of food, water and environmental samples.

The series have to be completed in the sequence of Workshop in Microbiology Testing, Advanced Workshop in Microbiology Testing I and Advanced Workshop in Microbiology Testing II, spanning over approximately a year and no exemptions will be granted to applicants. Candidates are normally expected to attend classes of not less than 80% and successfully completed all 3 modules and passing all the assessments before granting the Certificate in Microbiology Testing.

- Applicants shall:
- hold a Higher Certificate in Medical Laboratory Science awarded within the HKU system through HKU SPACE; or
 - hold a Higher Diploma in Medical Laboratory Science of Hong Kong Polytechnic University; or
 - hold an Associate Degree or a Higher Diploma or a degree in a science discipline; or
 - hold an Associate Membership of the Institute of Biomedical Science (AIBMS); or
 - be a Registered Medical Laboratory Technologist of the HKSAR Medical Laboratory Technologists Board.

Preference will be given to those who are employed in testing laboratories in Hong Kong.

HK\$9,000 (Module 1: Workshop in Microbiology Testing)
HK\$11,000 (Module 2: Advanced Workshop in Microbiology Testing)
HK\$22,000 (Module 3: Advanced Workshop in Microbiology Testing II)

ISO GUM and ISO 10012: Workshop in Laboratory Equipment Calibration and Measurement

Programme Code: LMLS9001

Application Code: 2080-1005NW

2520 4618

rosie.so@hkuspace.hku.hk

This course will explain the ISO 9000 and ISO/IEC 17025 calibration requirements for clinical and testing laboratories and their underlying principles. It will provide participants with hands-on experience of the calibration of common laboratory instruments based on the standard criteria specified in the "ISO Guide to the Expression of Uncertainty in Measurement" (GUM) and Guidance from ISO 10012.

ISO 15189 and ISO/IEC 17025 Documentation System and Quality Document Writing

Programme Code: LMLS9011

Application Code: 2045-1007NW

2520 4618

rosie.so@hkuspace.hku.hk

This course aims to help participants to acquire hands-on experience in setting up and maintaining the required documentation systems customized to meet their specific needs. It also helps participants to prepare for the desk audit-tasks that often represent 1/3 of the time spent on laboratory accreditation and account for one of the major reasons for most audit failure.

Understanding and Application of ISO 17025:2017 - A Quality Management Standard for Laboratory Accreditation

Programme Code: LMLS9017

Application Code: 2035-1082NW

2520 4618

rosie.so@hkuspace.hku.hk

This training course has been designed to meet current laboratory expectations to understand and implement ISO/IEC 17025:2017 GENERAL REQUIREMENTS FOR THE COMPETENCE OF TESTING AND CALIBRATION LABORATORIES. ISO/IEC 17025 is an international quality management system Standard specifically for laboratories. It outlines the controls required to manage risks, and tools to help the laboratory improve its operations and customer satisfaction.

The course examines the purpose and application of these requirements to assist Learners in contributing to the implementation of the requirements in their laboratory.

Preference will be given to staff who is working in laboratory or to those who have previous exposure to ISO9001, ISO/IEC17025, Good Laboratory Practice and/or auditing.

ISO 15189:2012 Quality Management Standard for Medical Laboratory Accreditation

Programme Code: LMLS9010

Application Code: 2045-1041NW

2520 4618

rosie.so@hkuspace.hku.hk

ISO15189 QMS incorporates quality and competence requirements of ISO9001:2008 and ISO/IEC17025:2005 to address the particular needs of medical laboratories. Upon completion of this course, participants should be able to understand the concepts and practical applications of the requirements, and implement them to their laboratories in attaining continual quality improvement in testing services.

Internal Audit of ISO 15189:2012 Laboratory Quality Management Standard

Programme Code: LMLS9013

Application Code: 2045-1005NW

2520 4618

rosie.so@hkuspace.hku.hk

This course, intended for potential internal auditors and laboratory supervisors, incorporates requirements of the ISO15189 standard and auditing knowledge and skills; provides guidance to participants in establishing and maintaining internal audit procedures in the laboratory. It also facilitates clinical laboratories to self-assess their quality compliance status through gap analysis prior to accreditation assessment.

Medical Laboratory managers, supervisors and those who are involved in laboratory management and quality planning will benefit by attending this course.
