學院在何鴻燊社區書院管理上發揮更大作用

HKU SPACE Undertakes a Greater Management Role in HPSHCC

學院為回應社會對高等教育的需求，在2000年成立香港大學附屬學院之後，再與保良局於2005年合辦香港大學專業進修學院保良局何鴻燊社區書院(何鴻燊書院)，為中學生提供更多元升學途徑。

在過去20年裏，學院與何鴻燊書院建立了牢固的夥伴關係，培育了無數學生，造福社會。目前，何鴻燊書院擁有約3,000名學生，畢業生超過16,000人。何鴻燊書院與香港大學附屬學院攜手合作，取錄學生逾11,000人，將成為本地高等教育界最大的服務機構之一。

為書院提供更廣泛管理服務

為配合《專上學院條例》(第320章)的建議修訂，學院與保良局就何鴻燊書院目前的營運進行檢討，並達成共識，認為雙方應加強長遠的合作關係，學院將在何鴻燊書院的營運管理上發揮更大作用，學院院長李經文教授同時於2024年3月22日起獲委任為何鴻燊書院校長。學院具備豐富的學術和持續進修教學背景，課程科目極多元化，必能為學生帶來最佳的學習體驗。

李經文教授表示：「學院和保良局一直維持良好的合作關係。隨著我們邁步向前，書院會繼續

秉持清晰的願景：持續成為香港其中一所最優秀的高等教育學院。為此，我們將繼續因應學生的不同需要，創造獨一無二的學習體驗，從而啟發他們的學術潛能，並成為負責任的公民。」

何鴻燊書院現時開辦19個不同專業範疇的副學位課程，畢業生可按香港大學體制，經學院或何鴻燊書院直接獲授副學位。在政府去年年底公佈2024/25學年「指定專業／界別課程資助計劃」的副學位課程名單中，何鴻燊書院繼續成為獲最多資助學額的院校，涉10個課程共860個學額，涵蓋護理、運動及康樂、旅遊及款待等範疇。在未來，書院將推出全新課程，為社會培育更多人才。

In response to the community's growing demand for higher education, the School established HKU SPACE Community College (CC) in 2000, and then collaborated with Po Leung Kuk to co-found the HKU SPACE Po Leung Kuk Stanley Ho Community College (HPSHCC) in 2005, providing more diversified pathways for secondary school students.

Over the past 20 years, the School has fostered a strong partnership with HPSHCC, nurturing many students to the benefit of the community. Today, HPSHCC boasts an enrolment of approximately 3,000 students and over 16,000 graduates. With a student population exceeding 11,000 in collaboration with the Community College, HPSHCC is poised to become part of the largest service provider in the local tertiary education sector.

Providing more management services for HPSHCC

In light of the proposed legislative amendments to the Post Secondary Colleges Ordinance (Cap.320), the School and Po Leung Kuk have reviewed the current operations of HPSHCC and reached a consensus that both parties should continue and strengthen their partnership on a long-term basis, which will bring maximum benefits to students of HPSHCC. To this end, the School will undertake a

greater management role in the operations of HPSHCC and Professor William K.M. Lee, Director of HKU SPACE, was appointed as the College Principal with effect from 22 March 2024. Given the rich academic and continuing learning background of the School, we believe it could enhance the learning experience of students with a wide range of programmes offered.

"HKU SPACE has long enjoyed a strong working relationship with Po Leung Kuk," said Professor Lee. "As we move forward, the vision for HPSHCC is clear: to continue our journey towards becoming one of the finest tertiary colleges in Hong Kong. Our focus will remain on providing an individualised learning experience that nurtures students' academic prowess while instilling in them a deep sense of social responsibility."

Currently, HPSHCC offers 19 sub-degree programmes across multiple disciplines leading to awards within The University of Hong Kong system through HKU SPACE or awards of HPSHCC. In the list of sub-degree programmes announced by the Government under the Study Subsidy Scheme for Designated Professions/ Sectors (SSSDP) in 2024-25 academic year, HPSHCC has maintained its position as the leading recipient of subsidised places, securing a total of 860 places across 10 programmes covering fields such as Health Care, Sports and Recreation, Tourism and Hospitality. Looking ahead, the College plans to introduce new programmes to nurture even more talents for the community.

首次與倫敦國王學院攜手 推出世界頂尖排名護理課程

1st Collaboration with King's College London to Launch World's Top-Ranked Nursing Programme

學院與倫敦國王學院（國王學院）簽訂合作協議，建立戰略夥伴關係。倫敦國王學院是2024年QS世界大學排名位列前40，也是英國歷史最悠久的大學之一，一向致力為學生提供全面教育，培養學生的批判思維、解難能力及改革能力，以滿足英國本土及全球社會需求。這項協議是國王學院與香港教育機構的首度合作，也是學院在跨國教育領域的一個重要里程碑。

將世界一流課程帶到香港

根據協議內容，學院與國王學院將攜手推出一系列課程，頭炮課程是臨床護理學碩士，由國王學院提供課程內容及授課，學院負責行政支援。值得一提的是，根據2024年QS世界大學學科排名，King's的護理學科在英國排名第一，在全球排名第二。

臨床護理學碩士是一個為期兩年的兼讀制課程，為香港學生提供機會取得國王學院頒發的碩士學位。課程以遙距學習模式進行，學生透過電子學習平台與國王學院的學生一起參加在線課堂。課程將指導學生深入了解數位策略在護理層面的應用及接受醫療體系領袖培訓，學生亦能夠參與促進患者安全的體制文化及循證實踐等。在港完成課程的畢業生將成為國王學院的校友，有助提升他們的職業前景、人際交流機會和全球視野。香港護士可獲得持續護理教育（CNE）學分。

學院院長李經文教授對合作表示歡迎，他說：「國王學院以護理學科在世界著稱。這次合作讓我們將世界一流的課程帶到香港，正好符合港

大專業進修學院為香港市民提供優質教育及學習機會的辦學承諾。」

為全球培養醫護專業團隊

倫敦國王學院副院長（教育）兼護理學教授 Mary Malone 表示：「臨床護理學碩士課程培養學生成為醫療保健實踐領域的領導者。他們將學到如何為患者提供關懷備至、以實證為基礎及以

人為本的護理服務。透過這次合作，我們很高興能為香港的合資格護士提供以研究為依據的高等教育，從而建立一個擁有訓練有素的醫療保健專業領導團隊的全球社區。」

在2024年7月29-30日，學院舉辦了一連兩天的課程諮詢講座，國王學院重量級代表親身來港為香港學生詳細講解與新課程有關的資訊，包括：副院長（教育）兼護理學教授 Mary Malone 及高級國際合作夥伴關係經理 Louise Lawton 女士。

在未來，兩所學院的合作將擴展至護理學、法律和心理學學士學位課程。國王學院亦將支援香港大學明德書院在《專上學院條例》（第320章）改革後的預期發展，以進一步加強在全球的學術合作。

HKU SPACE and King's College London (King's) have signed a collaboration agreement to forge a strategic partnership. As one of the top 40 universities in the QS World University Rankings 2024 and one of the oldest institutions in England, King's is committed to providing a rounded education that cultivates critical thinking, problem-solving, and transformative skills to meet the demands of the UK and the global community. This agreement marks the first-ever collaboration between King's and an educational institution in Hong Kong, representing a significant milestone for the School in transnational education.

Introducing world-class programmes to Hong Kong

Under the agreement, the School and King's will collaborate to offer a range of programmes, beginning with the Master of Science in Clinical Nursing (MSc Clinical Nursing). King's will provide the content and delivery of the programme, while the School will provide administrative support. Notably, King's ranks 1st in the UK and 2nd in the world for Nursing according to the QS World University Rankings by Subject 2024.

The MSc Clinical Nursing is a two-year part-time programme to offer Hong Kong students the opportunity to obtain a master's degree award from King's. The programme is conducted in a distance learning mode, with students attending online classes alongside King's students through King's eLearning platform. Students will gain a comprehensive understanding of the application of digital strategies in healthcare and clinical leadership, and they will have the opportunity to engage with institutional and wider cultures that promote patient safety and evidence-based nursing practices. Graduates who complete the programme in Hong Kong will become alumni of King's, enhancing their career prospects, networking opportunities, and global outlook. Hong Kong nurses can also earn Continuing Nursing Education (CNE) credits through this programme.

Professor William K.M. Lee, Director of HKU SPACE, warmly welcomed this initiative, stating, "King's is a leading UK University, renowned for its excellence in Nursing, and HKU SPACE is proud to partner with them in bringing their high-quality academic programmes to Hong Kong. This strategic partnership aligns with our commitment to providing access to world-class education and expanding learning opportunities for individuals in Hong Kong."

Cultivating a worldwide community of healthcare professionals

Mary Malone, Vice Dean (Education) and Professor of Nursing at King's College London, expressed, "The MSc Clinical Nursing programme supports nurses to develop as leaders in healthcare practice. Students gain the knowledge they need to provide compassionate, evidence-based, and person-centered care. Through our partnership, we are proud to provide research-informed higher education to qualified nurses in Hong Kong, building a worldwide community of highly trained healthcare professional leaders."

On 29-30 July 2024, HKU SPACE hosted a two-day programme Information Seminar, featuring esteemed representatives from King's who visited Hong Kong to provide detailed insights into the new programme for local students, including Professor Mary Malone, Vice Dean (Education) and Professor of Nursing, and Ms Louise Lawton, Senior International Partnerships Manager.

Looking ahead, the collaboration between the two institutions will expand to include the development of a BSc in Nursing as well as, potentially, programmes in law and psychology. King's also supports the anticipated developments at HKU Centennial College once the Post Secondary College Ordinance (Cap 320) reforms are enacted, further strengthening global academic collaboration.

香港大學附屬學院大灣區招生日

Admission Day for HKU SPACE Community College in the Greater Bay Area

隨著大灣區高速發展，不少香港人選擇在大灣區工作，並安排子女入讀港人子弟學校，以便未來在香港或赴海外升學。

香港大學附屬學院在今年三月到訪了大灣區以至全國首間港澳子弟學校——廣州暨大港澳子弟學校，該校也是首個香港中學文憑試內地試場。到訪當天，附屬學院向二百多名學生介紹學院的全日制副學位課程，並特別介紹了其中三個新課程——基礎專上教育文憑（線上學習模式）、營養及食品科學高級文憑，以及法律行政人員高級文憑。學院未來會在大灣區籌辦更多活動，為促進人才交流作出貢獻。

With the rapid growth of the Greater Bay Area (GBA), a significant number of Hong Kong residents have chosen to work in the region while ensuring their children receive education in schools for Hong Kong students, enabling them to pursue further studies either in Hong Kong or abroad.

In March 2024, HKU SPACE Community College visited the Affiliated School of JNU for Hong Kong & Macao Students, which is the first school for Hong Kong and Macao students in the GBA and the entire country, and the first Hong Kong Diploma of Secondary Education (HKDSE) examination centre in mainland China. During the visit, the College presented its full-time sub-degree programmes to over 200 students,

with a special emphasis on three new programmes: Diploma in Foundation Studies (E-learning Mode), Higher Diploma in Nutrition and Food Science, and Higher Diploma for Legal Executives. The College plans to organise more activities in the GBA in the future, contributing to the promotion of talent exchange.

The results of this year's Nationwide Unified Examination for Admissions to General Universities and Colleges, commonly known as 'Gaokao', were released on 23 June. To facilitate the enrolment of students with Gaokao results into our programmes, the College organised an Enrolment Day in Luohu, Shenzhen, on 29 June, allowing students to apply for admission and undergo interviews on the spot. On that day, many students and parents approached the College to learn more about studying sub-degree programmes in Hong Kong, and the response was overwhelmingly positive.

The College does not enter into any agreements with third parties on recruiting students.

學院榮獲懲教署首屆「更生伙伴」獎項 HKU SPACE Recognised with Correctional Services Department's Inaugural "Rehabilitation Partners" Award

懲教署於6月13日舉行首屆「更生伙伴嘉許計劃」頒獎典禮，表揚120個非政府機關、慈善團體、商業機構及專上院校等，在過去兩年積極支援在囚及更生人士。香港大學專業進修學院有幸獲頒「更生伙伴」獎項，學院院長李經文教授和人文及法律學院副總監陳嘉玲女士代表學院出席領獎。

自2023年起，學院為懲教署的工業及職業訓練組開辦十個與多媒體製作及傳意設計有關的證書單元課程，為在囚的青少年人士提供行業知識和技術訓練。透過學院的微證書計劃，學員累積滿30及60學分便可獲得專業實踐證書及文憑資格，讓他們獲釋後可繼續修讀學院的平面設計、室內設計或遊戲設計等銜接及進階課程。現階段共有四位大嶼山沙咀懲教所學員成功累積所需學分，獲頒專業實踐（多媒體設計）證書，同時成為學院首批透過微證書計劃獲取證書的學員。

是次獲獎表揚了學院為在囚人士提供獲釋後的就業及學業的協助，讓他們獲釋後可以順利融入社會，重過新生。

The Correctional Services Department (CSD) held the inaugural Rehabilitation Partners Award Scheme Award Presentation Ceremony on 13 June to honour the contributions of 120 non-governmental organisations, charitable institutions, commercial entities, and post-secondary institutions for their active support to persons in custody and rehabilitated offenders over the past two years. HKU SPACE was honoured to receive the "Rehabilitation Partners" award. Professor William K.M. Lee, Director of HKU SPACE, and Ms. Karen Chan, Associate Head of College of Humanities and Law, accepted the award on behalf of the School.

Commencing in 2023, the School has been organising ten Certificate for Module programmes related to Multimedia Production and Communication Design for the Industries & Vocational Training Section of the CSD, providing young persons in custody with industry knowledge and skills training. Through the School's Microcredential courses, students who accumulate 30 and 60 credits will be awarded a Certificate in Professional Practice and a Diploma, respectively. These credentials will enable them to pursue further studies in the School's bridging and advanced programmes in graphic design, interior design, or game design. Currently, four students from Sha Tsui Correctional Institution on Lantau Island have successfully attained the required number of credits and received the Certificate in Professional Practice (Multimedia Design), making them the first group of students to be awarded certificates through the Microcredential courses.

This award recognises the School's commitment to providing post-release employment and academic assistance to persons in custody, facilitating their integration into society and ensuring a smooth transition into a new life after release.
